Description "Planning"; "Operational" profiles	
Proposed Solution Split CPSM profile group into "planning" and "operational" profiles	
Decision Create two profiles separate profiles for planning and operations in 61970-452. The IOP report has a list of thirteen profile issues that shall be considered when doing this. This was discussed at the WG13 2010-10-05 Minneapolis. The goal is to cover both planning and operations with the same profile. Hence this issue is closed but will be reopened if a split in multiple profiles needed.
