Breaking Change Description:	Origination ID: 13_83
CIM Impacted Groups: WG13	Originally Assigned To:
Requestor:	
Description Topoogy package dependencies overstated The dependency of Meas and Wires package upon Topology could be moved to depend on Core.	
Proposed Solution Modify IEC61970Dependencies diagram (and model) to make Wires depend on Core and to make Meas depend on Core. Just move the dependency links and slightly respace diagram.	
Decision (corrected as specified) Applied in parallel to 61970cim15v33 and 61970cim16v01 so we could get into "final" 301 edition 5 (cim15)
