Breaking Change Description:	Origination ID: 13_106
CIM Impacted Groups: WG13	Originally Assigned To:
Requestor:	
Description OperatingMode as CIMDataType string This is probably not correct. The operating mode should not be a string nor the same for RectifierInverter and frequency converter. The attribute's have this type: RectifierInverter.operatingMode, FrequencyConverter.operatingMode. The error probably goes way back, but was noticed recently.	
Proposed Solution Model the correct enumerations or remove. Remove the attribute and CIMDataType.	
Decision Note changed attribute OperatingMode.multiplier to OperatingMode.multiplier in 61970cim16v02. FrequencyConverter.operatingMode deleted as suggested 21013-06-05/LOO
