Description

JCIMClean Found 23 enumeration classes with bad name: name should not contain 'type' and/or 'enum', and should end with 'Kind' - rename the enumeration class

Proposed Solution

These are all the enumeration stereotype. CoolantType and FuelType names need to be changed. Should kind be added as recommended?

Decision

TF13 call 18 Oct 2023.
Agreed to close jCleanCim issues as they are old. New issues for CIM18 will be opened in case there is a need to discuss/fix.
