Description

Add a new association between OperationalLimitSet and Season. This will allow an OperationalLimitSet to be described by a defined Season rather than encoding the season "name" within the OperationalLimitSet.name.
Season 0..1 -> OperationalLimitSet 0..many

Proposed Solution

Add new association
Season 0..1 -> OperationalLimitSet 0..many

History

#1 - 10/01/2021 11:24 AM - Herbert Falk

Just a test of the watch capability.
