Breaking Change Description:	Origination ID: 4
CIM Impacted Groups: WG13	Originally Assigned To:
Requestor: jim.horstman	
Description Deprecate AssetOrganisationRole and its children. It is not clear that this class adds value as it has no attributes.	
Decision It is proposed by Jim (Part-6) to deprecate this class, but Part-4 team sees the class is still usable unless Part-6 has model updated to cover the use case summarized in this diagram.
