Breaking Change Description:	Origination ID:
CIM Impacted Groups: WG14	Originally Assigned To:
Requestor:	
Description A use case from SaskPower to track warranty information from asset management perspective. Svein has a similar use case. Warranty is not limited to Asset but can be associated with service as an example.	
Proposed Solution Add a Warranty class in Part-4 package.	
Decision Part-4 team discussed the issue and decided to add Warranty class (9/20/2021). This class is associated to Asset and inherited from Document. http://iectc57.ucaiug.org/WG14/Part4/Drafts/Meetings/2021-09-20%20Part-4%20Work%20Session.docx	

History
