<b>Requestor:</b>	
<b>Description</b> Add gridAgreementType attribute (String) in the MarketEvaluationPoint class [0..1]  This will inform the Energy supplier if there is a contract directly between the DSO and the (grid) customer for this MarketEvaluationPoint, or if the supplier will have to add that to his own contract with the customer.	
<b>Proposed Solution</b> Has been discussed with WG14, a suggestion was to add a new attribute "agreementType" in UsagePoint to describe how the contract is associated with the UsagePoint. However, the current ebIX-suggestion is to add this at MarketEvaluationPoint, since this is needed for market purposes. It has been suggested to add this attribute to the MarketAgreement class, but it is information more related to the MarketEvaluationPoint itself. NOTE: if added to MarketAgreement, an association would be needed from MarketEvaluationPoint. Suggested definition: Specification of type of grid contract, such as if the contract is directly between the Grid Company and the Grid Customer, or through the Energy Supplier.	
<b>Decision</b> New attribute gridAgreementType added to AccountingPoint class.	

#### History

##### #1 - 08/08/2022 05:45 PM - Becky Iverson

- Status changed from New to Open

- Proposed Solution updated

##### #2 - 08/17/2022 06:16 AM - Alvaro Marciel

gridAgreementType already available in AccountingPoint class. Issue can be closed.

##### #3 - 08/18/2022 10:35 AM - Becky Iverson

- Decision updated

##### #4 - 09/15/2022 04:01 PM - Becky Iverson

- Status changed from Open to In Progress
