Breaking Change Description:	Origination ID: 16_0114
CIM Impacted Groups: None	Originally Assigned To:
Requestor:	
Description The enumeration for MarketProductTypes which is used by the MarketProduct.marketProductType attribute primarily includes product types used in the North American Style Markets. Would adding more products used by other countries and/or Market Styles be considered a valuable addition?	
Proposed Solution Discuss alternative marketProductTypes; such as primary, secondary, tertiary, type 1, type 2.
