Description		
Proposed renaming of DR_... Enum values to remove the "DR_".		
Proposed Solution		
Currently the enumeration contains the following enum values: START_UP SHUT_DOWN DR_ADJUSTMENT DR_DEPLOY DR_RELEASE Propose to remove the "DR_" from the DR enums and update the descriptions: ADJUSTMENT (Distributed Resource Adjustment represents a change for a distributed resource that is already committed to provide grid services.) DEPLOY (Distributed Resource Deployment represents the initial commitment of a resource to provide grid services.) RELEASE (Distributed Resource Release represents the end of the commitment of a resource to provide grid services.)		
Decision		
2/17/2022: Question on the use of DEPLOY for the dispatch to a demand response resource. Consider START? Or other terms.		
2/24/2022: Team agreed to ACTIVATE, updated all three descriptions.
