#### Description

Consider using CIMDataType of FloatQuantity instead of Float.

#### Proposed Solution

Description is missing from this attribute; "The binding dispatch operating target for the market interval."  
FloatQuantity provides the flexibility to use the multiplier, unit and value to describe the bindingDOT value.

#### Decision

3/24/2022: Team agreed  
4/5/2022: Description incorrect - re-apply.

#### History

#1 - 08/08/2022 06:04 PM - Becky Iverson

- Status changed from New to Closed
- Proposed Solution updated
- Decision updated
