Description

The kind attribute in Facility should be defined as the enumeration FacilityKind rather than String. the attribute facilityKindOther should be added to allow for the specification of a kind that is not in the enumerations.

Proposed Solution

The kind attribute in Facility should be defined as the enumeration FacilityKind rather than String. the attribute facilityKindOther should be added to allow for the specification of a kind that is not in the enumerations.

Decision

Part4 model has been updated asproposed.
