

CIM Joint Issues - CIM Issues #6656

Add altitudeCompensation to EndDeviceInfo

12/20/2023 03:50 AM - Jan Owe

Status:	New	
Priority:	Normal	
Target version:		
Solution Version:		Clause:
Breaking Change:		Sub-Clause:
Breaking Change Description:		Paragraph:
CIM Impacted Groups:	WG14, WG16	Table:
Requestor:		Origination Date: 12/20/2023
Standard(s):		Origination ID: ebIX@ 2023/010
Version:		Originally Assigned To:

Description

When exchanging Metering configuration characteristics (master data) for gas installations, it may be a need to indicate if the Meter has built in altitude compensation functionality.

History

#1 - 12/21/2023 10:20 AM - Becky Iverson

- Project changed from Market Management to CIM Joint Issues
- Base Release deleted (iec61970cim18v02_iec61968cim14v00_Market04v15)
- Proposed Solution updated
- CIM Keywords deleted (61968-Metering)
